

Create a Third Party Digital Project

Using your choice of medium, create a new third party alternative to serve the needs of the people. You will present your party to class digitally.

1. Create a party name and logo. Intent = influence. Make sure your name and logo are something catchy that will influence others to join.
2. You must describe your party's platform on the following issues. Make sure to include your party's stance for each and why your party believes the way they do.
 - Immigration
 - Firearms
 - Healthcare (include your party's view on abortion)
3. Choose 4 of the following topics to further describe your party's platform. Make sure to include your party's stance for each and why your party believes the way they do.
 - Civil Rights
 - Criminal Justice (prisons, death sentence)
 - Economy
 - Education
 - Environment
 - Energy
 - Foreign Policy
 - Labor
 - Marriage
 - National Security/Defense
 - Taxes
 - Voting Rights
4. Describe which government policies would be implemented or removed based on your platform.
5. Describe which laws your party believes need to be judicially reviewed.
